

Unlocking barriers to achievement... Breaking the cycle of low or no aspirations

DATE:
20 March 2012 ,
9.30 - 3.30

VENUE:
ACER offices,
St. Ives, Cambridgeshire

COST:
£115 pp ACER member
£130 pp non-member

Practical and realistic techniques to reduce failure and find and promote hidden talents... addressing key issues of NEETS.

Are you involved with NEET students? If so, this is the workshop for you!

You will understand more about the specific requirements to help these students become motivated by learning to help them achieve and progress.

Course Presenter:

John T Morris BA (Hons), MEd, MPhil, DipPsych

John is a consultant and course provider for schools and colleges who has worked extensively across England and Wales. His knowledge of practice, enthusiasm and motivational skills have gained considerable praise from delegates.

Course objectives:

- raising delegates awareness of background issues regarding NEETS including causes of previous failure
- to examine teaching, coaching, assessment and support to raise the self belief of students to promote achievement
- to promote an ethos of valuing success in all areas to improve self worth and self esteem
- promoting social and emotional aspects of learning
- to examine effective styles of coaching, teaching, training, learning and assessment which promote improved aspiration
- inspiring futures... changing lives: sharing current effective practice

Who should attend?

Any staff involved with NEET students, including teachers, learning support, student support, senior managers, teacher educators.
